ABOUT ME

Hi, I am Namrata Bhavsar, a motivated and dedicated individual with a strong interest in web development. I have basic knowledge of computers and programming, and I'm currently focused on learning PHP and Laravel. I am hardworking, eager to grow, and always ready to learn something new. My goal is to become confident and skilled in my field.

PROJECT

Parita Beauty Care

Created a dynamic website using PHP Laravel named Parita Beauty Care. The platform includes product selling, appointment booking, and profile management for customers and employees. An admin panel was developed to manage users, products, and appointments. Integrated a MySQL database to handle all data securely and efficiently.
